Gajakesari Yoga in the Birth Chart of famous personalities.

By: Saumita Mazumdar

Yogas or planetary combinations are results of many such hundreds combination of two or more planets conjoining that produces benefic or malefic results in a birth chart, when two or more naturally benefic planets like Jupiter, Venus, Waxing moon, well associated mercury come together in chart by placement, aspect and conjunction.

The dasha of these planets certainly gives good fruits as per their lordship for particular ascendant in their natal chart, here I would like to site an example that arises through by their inherent strength or shadbala and the extent of house and (pada).

Yog-karaka planets are essentially the lord of kendra and trikona and ought to give good results at the first place in a person's life.

Dr. B.V. Raman, in his book "Three Hundred Planetary Combinations" has given comprehensive list of human transactions including fortunes, misfortunes, death and elations all that connects man to material and material to spiritual growth and development.

This article and my upcoming articles will state few prominent yogas present in the chart of bureaucrats, political figures, musicians, actors and saints of their time and genera.

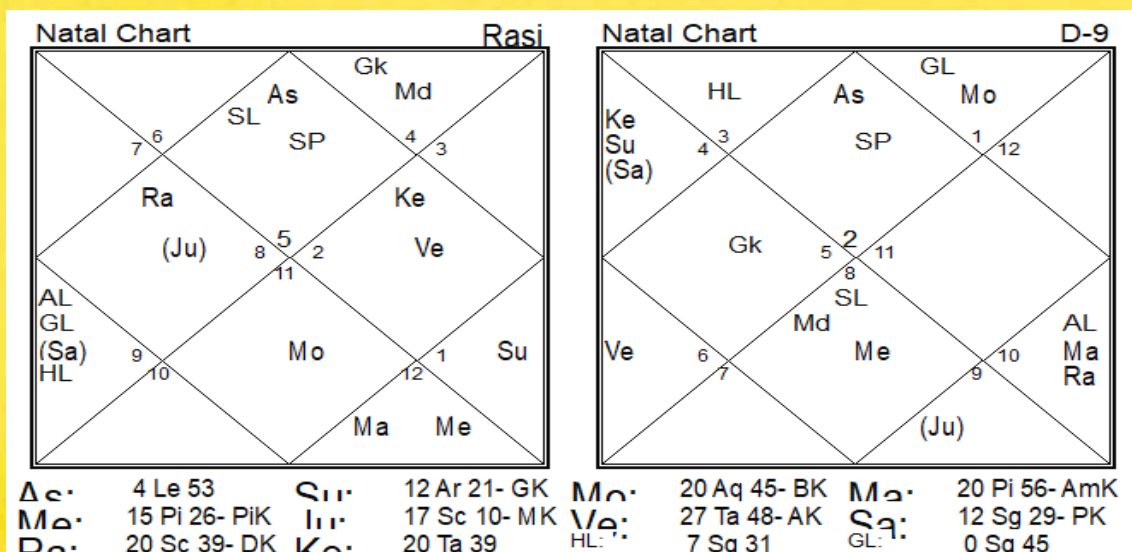

Birth Data of few personalities were procured from the astro databank for research and investigation, It is my humble request to readers that one must cross check at their own end to bring in the perfection in analysis.

Few, birth charts to site examples how it works well when two well placed benefic planets like Jupiter and Moon come together to form a yoga named as *kesari yoga* or Gaja- Kasari Yoga.

About Gajakesari yoga – If Jupiter is in kendra from moon the combination is known

Gajakesari Yoga.

Now, see how the these two planets giving magnificent result in his chart, Jupiter being benefic kendra lord and moon being 11 house lord of gain exchange its place in Dasha and Bhikuti giving an extra ordinary results.

In vimshottari Dasha the Jupiter Mahadasha was highly beneficial yet full of controversy, Jupiter Maha dasha started in the year May 1987 to May 2003

In the year 1998 when Jupiter- Moon Mahadasha about to start a large sum of \$450,000 donated by Denise Rich To Clinton library.

In Jaimini Chara Dasha he was running Pieces -Sagittarius

From Pieces moon is in 2nd house of social status and wealth and from Sagittarius subperiod sign Jupiter is in house of gain.

If, we further move into the dasha of Major – Sub period - sub period i.e., Mahadasha antardasha patyantardasha
